- Name change: “Location Equity” to “Local Optional” Revenue.
- **All** districts eligible for \$424 / APU of local optional revenue:
 - Either \$212 or \$424 increase for non-metro districts, with offset to voter approved / converted referendum allowances

First 2014 Omnibus Tax Bill

Referendum and Location Equity Revenue Changes

Changes for FY 2016 (continued):

- No longer need board resolution to opt out of local optional revenue.
 - To opt out, districts will need to under levy.
- Removes “new referendum election penalty” by changing the order for the Local Optional Revenue subtraction

First 2014 Omnibus Tax Bill

Referendum and Location Equity Revenue Changes

Steps in FY 2016 referendum allowance calculation:

1. FY 2015 converted allowance (pupil conversion + old alternative attendance adjust)
2. Add allowances from fall 2013 elections
3. Add inflation adjustments on above authorities
4. Subtract local optional allowance (lesser of \$424 or amount selected by district)
5. Initial allowance equals greater of \$0 or step 4 amount.
6. Subtract phase-outs (net after local optional revenue subtraction)
7. If balance <\$300, may add new authority up to \$300/APU total by board resolution
8. If board-approved <\$300, may convert up to \$300 from voter-approved to board-approved by board resolution
9. Add new authority from elections this fall 2014

Referendum and Location Equity Revenue Changes

First 2014 Omnibus Tax Bill

Referendum and Location Equity Revenue Changes

New Local Optional Under-levy Provision

- Requirement for board resolution to opt out eliminated
- Now to opt out will need to under levy
- If under levy, MDE will adjust initial referendum authority accordingly (see slide 25, step 4). This may affect ability to add new board-approved authority.

Implementing Local Optional Revenue Changes: Key Considerations and Resources at MDE

Levy Information System modified to add local optional allowance:

5. Local Optional Allowance.

Amount up to \$424 per APU that the district plans to levy according to M.S. 126C.10, subd. 2e

424.00

- Allows districts to “opt out” and propose “MAX”
- Districts will submit this information electronically in August with other levy data. MDE will calculate levy limitations using amount requested by district.
- Revisions can be made along with other data changes during September.

Implementing Local Optional Revenue Changes: Key Considerations and Resources at MDE

Example Board Resolution for New Authority that allows MDE to adjust for final data:

2. Approval of New Authority. Pursuant to Minnesota Statutes, Section 126.17, subd. 9a, the Board hereby determines to authorize a new Board approved referendum authority in the amount of \$300 per adjusted pupil unit. **This new Board approved referendum authority shall be further adjusted based on final pupil unit data. It is the intention of the Board to create the maximum authority for which it is eligible, not to exceed \$300 per adjusted pupil unit...**

Implementing Local Optional Revenue Changes: Key Considerations and Resources at MDE

September 30, 2014

- Deadline to pass a board resolution to convert existing referendum authority from voter-approved to board-approved or to authorize new board-approved authority for taxes payable in 2015.
- Deadline to establish maximum local optional allowance for taxes payable in 2015.
 - Districts must finalize this allowance prior to proposed levy certification to ensure that final levy does not exceed proposed levy, aside from new elections or other commissioner-approved changes.
